This complex bibliography is virtually annotated. If you have purchased the hard-copy edition, please visit www.oss.net/PIG where you can download both the full book with active links throughout, or if you prefer, the Annotated Bibliography only. Each title is linked directly to the author’s full review at Amazon. Apart from providing direct access to the full summative reviews, this also provides online linked access to all of the books referenced within each review. The opinions of the author as in and outside this book, online at Amazon and elsewhere, are his own and are neither endorsed nor necessarily shared by either Earth Intelligence Network nor Amazon. Free public intelligence in the public interest is at Earth Intelligence Network.

1 The free online method reduces the hard-copy page count and hence the price of the bound volume, while adding enormous flexibility and functionality, including added to the full detailed summative review of each book rather than just a snippet or snap-shot review. Still, this collection covers only books read since 2000. For access to all of the author’s reviews and lists at Amazon, visit his Profile at Amazon.
Anti-Americanism, Blowback, Why the Rest Hates the West

Noam Chomsky, *9-11* (Seven Stories Press, 2001)

David Fromkin, *A Peace to End All Peace: The Fall of the Ottoman Empire and the Creation of the Modern Middle East* (Holt, 2001)
